## Instruction Manual

# INTRODUCTION

We congratulate you on the purchase of your power2cell device!

Power2cell is an end user device and was developed in collaboration between Prof. h.c. Walitschek, Dr. Schwab Gesellschaft für Technologieberatung mbH, and Dr. Voracek. It is based on a device for professional use in the medical field. The power2cell is a device that can be used for a large variety of applications in pain therapy, and that will greatly contribute to the well being of your entire family.
